

# YEAR 6 HOMEWORK TASKS

Sept - Dec 2021

- The tasks described below are designed to be meaningful and enjoyable activities that you can do **with the support and involvement of other members of your family.**
- **The tasks, shown in red, must be completed.**
- You may then choose to do as many of the other activities as you wish - one, two or even all of them, it's up to you!
- Make a **scrapbook** to show evidence of the tasks you have done.
- Completed homework tasks should be handed in by **Friday 26<sup>th</sup> November 2021.**

## CGP Revision Books:

This year, I have bought CGP 10-minute SAT Buster Books focusing on: Maths, Multiplication, Reading and Grammar.

These books will form part of their weekly homework. Children will be given the book on Monday with the pages that they must complete highlighted. They will have from Monday to Friday to complete all work.

The answers will be in the back of the book so that you can support your child at home.

## Reading at Home.

Read to an adult on a regular basis or share what has happened in your school book with an adult.

Complete your quiz on accelerated reader at home or the next day in school.

Remember any reading at home earns you 5 dojos to spend in our Class Dojo Shop.

## Create your own "Shadow Puppet!"

**Investigate:** What happens to the size of a shadow when it is moved away from a light source.

Enjoy an Autumnal walk, bike ride or scooter ride.

Create your own piece of art work using natural objects you can collect on your journey.

Follow the web links below that provide information on earthquakes, biomes, volcanoes and mountains.

Create poster to explain what you have learned about these physical, geographical features. Feel free to research other websites to discover more!

Share an *act of kindness!*

- help adults around the house,

- make someone smile
- make someone a homemade gift

Prepare your own presentation focusing on a form of Renewable Energy.

This can be completed using: PowerPoint, Poster, Leaflet or Fact file.

Think of ways how you can make a small change to protect our planet:

- turn the lights off before leaving the room
- don't leave your tablet / phone chargers on unnecessarily
- don't spend too long in the shower
- walk or scoot places rather than always using the car

What else could you do?
