Dear Parents / Carers,

Clarification of when parents will be contacted regarding a child/staff member in school who has been sent home with symptoms/awaiting a test result.

We will inform parents of the relevant bubbles in school when:

- 1) We have sent a child or staff member home with symptoms of Covid-19 and then again if a positive test result is confirmed – this will then mean all close contacts/bubbles will be sent home to self-isolate.

- 2) If we are made aware of a household member, outside the school setting, who has tested positive to Covid-19, we will also inform parents of children in the relevant bubbles. At this point you do not need to take any action. Please continue to send your children into school as usual. To reassure you, if this is the case:
 - The children of the affected household will not be in school for the isolation period.
 - The parent of the affected household will be asked to keep school informed if any of their children develop symptoms over the subsequent 2 weeks. We would then inform the relevant bubbles of this and of any subsequent positive test result.

Many thanks for your understanding

Head teacher
