## September 2021 – Online Safety

Dear Parents & Carers,

The online world is both amazing and challenging in equal measure and one that our children seem to take to effortlessly. However, it is often difficult to stay updated and in touch with the amount of new content that is constantly being added; it is a complex world to try and control. Because of this it is important that schools, parents and carers work together to take an active role in teaching children about online risks and dangers. Learning how to act safely when using the internet is an incredibly important part of safeguarding our children.

We are therefore delighted to announce that **Haverigg Primary School** have shown our commitment to protecting our pupils online by working with National Online Safety- providing resources for all parents and carers.

The resources include Parents & Carers courses (presented by Myleene Klass), online video resources and weekly guides covering a huge range of topics, including:
