

As writers, we will be publishing...

- Postcards from around the world.
- Using adjectives to describe the taste and texture of the fruits mentioned in Handa's Surprise.
- Information Texts - Using information texts to create our own posters about Australian animals.
- Stories - exploring food, animals and different cultures from around the world.

As athletes, we will be developing...

- Multi Skills
We will be developing techniques for sending and receiving, agility and co-ordination through ball games and activities.
- Movement and dance
We will be exploring different ways of moving using different music and equipment.

As artists, we will be creating...

- Aboriginal art including decorating sticks with spots of paint and using sticks as tools for art.
- Animal prints - using a range of materials to recreate safari animal prints.

Fair Trade Fortnight

We will be using Fair Trade ingredients to make biscuits with chocolate. We will look at where our ingredients have come from and how. We will also be creating tie dye T-shirts!

As information technicians, we will be exploring...

- Google Earth - looking at where we live and exploring the rest of the UK.
- Facts about the UK - using word to type them.
- Labelling a map.

All Around the World!

As scientists, we will be investigating...

Materials that sink and float

- Making predictions and recording our findings,

Learning about animals from around the world

- Grouping types of animals including birds, fish, mammals, amphibians and reptiles.
- Grouping animals according to what they eat and using the language of carnivores, herbivores and omnivores to describe them.
- We will find out what a food chain is and create our own.

As Mathematicians we will be learning to...

- Add and Subtract
- Identify mathematical symbols:
+, -, =
- Develop strategies for solving problems mentally
- Identify 1 more/1 less and 10 more/10 less than a given number.
- Measure
- Compare and record weight in kg.
- Compare and record capacity in l's and ml.
- Shape
- Recognise and name common 3D shapes.

As geographers and historians we will be finding out about...

- The four countries that make up the United Kingdom and the capital city of London.
- Select European countries - famous landmarks.
- Making comparisons and looking for similarities between where we live and other countries.
- Africa - locating the continent on a world map and looking at a day in the life of an African child.
- How the animals and plants are adapted to the weather in Australia.
- The Haka - what it symbolises and the history behind it in New Zealand. We will also learn a routine ourselves!
- India - looking at the homes, clothes and food in India.
